Career Objective:

As a dedicated UI Developer, my objective is to leverage my passion for design and front-end development to create engaging and user-centric interfaces. With a strong foundation in HTML, CSS, and JavaScript frameworks, I aim to collaborate with cross-functional teams to translate design concepts into intuitive user experiences. My goal is to continuously refine my skills in UI/UX principles, responsive design, and accessibility standards to contribute effectively to innovative projects that positively impact user satisfaction and business outcomes.

Technical Skills:

- Knowledge in **HTML5, CSS3, JavaScript, Tailwind CSS**
- Experience with front-end frameworks/libraries **(React, React Native)**
- Knowledge of version control systems **(Git)**
- Knowledge of version control systems **(Eclipse, VsCode, Android Studio, EXPO GO, SDK, IntelliJ IDEA, Figma)**
- Good Knowledge in **MANUAL TESTING(SDLC and STLC, White Box Testing and Black Box Testing)**
- Good Knowledge in SELENIUM **(Locators, Handling Web elements, POM Design Pattern, TestNG Tool)**
- Good Knowledge in **SQL**
- Operating system **Windows 10,Ubuntu**

Certifications:

- Certified Software Testing Training from **Q Spiders with CORE JAVA, SQL, SELENIUM, MANUAL TESTING.**

- Certifications **javaScript, Sql, Reactjs** from **Simplilearn.**

Education:

- **Btech (Electrical Engineering)** from IGIT, Sarang in 2020 and Secured 7.71 CGPA.
- **Diploma (Electrical Engineering)** from CUTM, Bhubaneswar in 2017 and Secured 7.14 CGPA.
- **Matriculation from KVPP Odisha**, CBSE Board in 2014 and Secured 5.6 CGPA

Languages:

- **English**
- **Hindi**
- **Odiya**

Professional Experience:

ASIAA DATA PRIVATE LIMITED.

UI Developer
April 2023 to June 2024.
